

GOAL!

Football Crazy

The object of the game is to score as many goals by filling in the vertical columns
Boxes are filled in by finding one person, in order, who fits the category, who'll sign the box
You must only ask one person at a time, and this person can't be asked again
You can only ask one question at a time in a closed fashion e.g. "Do you hate Leeks?"
We'll play for 15 minutes unless someone scores four goals first.
