

Prezi for Presentation Professionals

An interactive workshop for your sales presenters, trainers and sales managers to master the use of the fresh new presentation software - Prezi

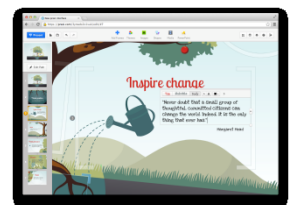

The workshop will cover:

- We ask you to bring your own laptop to the programme, to give you a chance to experience Prezi under our supervision.
- We introduce all of the functions which you will need to use for creating dynamic Prezis in the future. This includes:
 1. The Prezi canvas – using Prezi as a cleaner PowerPoint, and understanding and using non-linear layouts.
 2. Navigation within the Prezi environment.
 3. Themes, customisation, frames, adding text, hyperlinks, formatting options.
 4. Working with images, PDFs
 5. Embedding and converting video for use in Prezi.
 6. How to display linear, non-linear and layered information.
 7. Presenting with Prezi in the meeting room
 8. Upgrade your PowerPoints to Prezi quickly

I'm sure you've heard of Prezi or seen a Prezi presentation recently and you're thinking that might work in your organisation.

Whether you want to breath new life into visual aids without relying on PowerPoint, want to be using something new and fresh or want to be kept at the forefront of Presentation software, then this workshop is for you.

In 1/2 day, you will achieve a practical understanding of the Prezi tools. gain a strong understanding of how to convey information through effective visuals develop hands-on experience of various layouts and techniques within Prezi and find out what turns a simple presentation into something your audience won't forget.

Call or email now to discuss how we can bring this workshop into your organisation
